Such negotiations may include proposals for specific surveys of measurements of exposure to toxic chemicals or physical agents, studies regarding the effects on employees of such agents by qualified industrial consultants, who may be either outside consultants or Company personnel, as well as related physical examinations and medical tests. Any agreement reached hereunder shall be reduced to writing,

Any meetings or discussions held under Section A of this Article 15 shall not be construed to waive the Union's right to negotiate under this Section B. Any subject matter upon which negotiations are conducted as contemplated herein, but no agreement is reached, shall not be subject to the grievance and arbitration procedures of the Articles of Agreement. Disputes over the application and interpretation of any agreement reached pursuant to the negotiations provided for herein shall be subject to the grievance and arbitration procedures of the Articles of Agreement.

C. TESTS AND SURVEYS

- 5 Physical examinations, medical tests and surveys undertaken pursuant to any negotiations conducted under Section B will be performed at Company expense by qualified physicians or consultants, who may be either outside physicians or consultants or Company personnel.

The Plant Committee member who participates in such an investigation shall not lose normal straight-time pay for the time spent on such investigation.

Upon securing the approval of the Superintendent or Supervisor, stewards will be permitted to leave their work during working hours for reasonable periods, subject to the following:
 - (1) The duties of stewards shall be limited to the handling of grievances within the geographical boundaries of the operating group from which they are selected and in which they are selected to serve.
 - (2) The steward shall be limited in the handling of grievances to the procedural step Employee-Supervisor set forth hereafter, but may be used in subsequent procedural steps for the purpose of relating the finding of his/her investigation with respect to the grievance being processed.
 - (3) No steward shall leave a job while his/her presence is necessary for the safe conduct and efficiency of the operation in which he/she is engaged.
- 3 The Union will furnish to the Company a current list of its stewards.

C. GRIEVANCES

- 4 Any individual employee or group of employees shall have the right at any time to present grievances to the Company. The Workers' Committee shall be considered as a group of employees and shall have the right to file a grievance except one involving the discharge of an employee. It is anticipated that before such a

grievance is filed, the subject of the grievance will be discussed with Local Management in an attempt to resolve the dispute without the necessity of filing such a grievance. The general subject of wages, hours, and working conditions, so far as covered by this Agreement, shall not be considered a grievance within the meaning hereof except so far as the applicability thereof to a particular case may make it a matter of direct individual concern to the employee or employees asserting the same.

- 5 Grievances relating to the application and interpretation of this Agreement shall be handled as follows:

1. Employee-Supervisor

- 6 The employee shall first seek direct adjustment with his/her supervisor. In submitting a grievance to his/her supervisor, the employee may be accompanied by the steward assigned to the department in which the employee is employed. If an employee has a grievance and his/her departmental steward is not on shift, the employee may nominate an alternate steward in his/her own department or may call the regular steward who is off shift to come into the plant to assist. In such case, the job or work is not to be delayed while waiting for the steward.
- 7 The supervisor shall give his/her decision on the grievance to the employee within seven (7) calendar days, excluding Saturdays, Sundays, and holidays, from date the grievance is submitted to him/her. If the grievance is submitted in writing, the supervisor's decision shall be in writing.

2. Workers' Committee - Local Management

- 8 If the grievance is not settled by the supervisor to the employee's satisfaction, the Workers' Committee may within fifteen (15) days from the date the employee received the supervisor's reply, make written request for a meeting with the Local Management for a discussion of the grievance. The time and place for the meeting will be designated by the Local Management, and Local Management shall give a

written decision to the employee and to the Committee on the grievance within the fourteen (14) day period following the meeting.

3. Arbitration

- 9 If the grievance is not settled as a result of the foregoing, then the Union may within thirty (30) days after receipt of Local Management's written decision in the last step of this procedure, request arbitration thereof. The Refinery Manager may act as or may delegate one (1) arbitrator. The President of Local 12-591 may act as or may designate one (1) arbitrator. The two (2) arbitrators so selected shall meet within fourteen (14) days from the date of Company's receipt of the Union request for arbitration and attempt to settle the grievance.
- 10 Failing to reach agreement, either of these two arbitrators, may, within thirty (30) days after receipt of the Refinery Manager's written response, request the other to join in requesting the Federal Mediation and Conciliation Services to provide a regional panel of seven (7) arbitrators affiliated with the National Academy of Arbitrators, one of whom shall be selected by the parties as the arbitrator using the alternating striking method. Expense of arbitration shall be shared equally.

The time limits described herein may be extended in writing by mutual agreement.

D. GENERAL

- 11 Any grievance may be brought up for discussion at any time. However, it is agreed that no adjustment shall be made on any grievance unless the grievance has been so presented to the Local Management within thirty (30) days after its occurrence.
- 12 No employee who has acquired seniority rights shall be given a disciplinary suspension or be terminated except for just cause. No grievance arising from the disciplinary suspension or termination of an employee shall be given consideration unless presented in writing to the Local Management within fourteen (14) days after the effective date of the disciplinary suspension or termination. Any adjustment

made on a grievance arising from these causes shall date from the effective date of such disciplinary suspension or termination. In the case of disciplinary action taken by the Company, it is agreed that the question of whether or not the incident occurred, which is the basis for the disciplinary action taken, is properly a subject for the grievance procedure. However, the degree of penalty invoked by the Company is not to be considered a proper subject for the grievance procedure, except in the case of discharge.

- 13 All grievances shall be governed by the terms of and in the manner of settlement by the Articles of Agreement in effect at the time the subject matter of the grievance occurred.

ARTICLE 20

ASSIGNMENT ON RETURN FROM DISABILITY LEAVE

- 1 Upon return from disability leave, an employee shall be assigned to work in his/her regular classification, or to the classification in which he/she would then be working, except for such absence, provided he/she is capable of performing such work.
- 2 In case an employee becomes incapable of performing his/her work through accident or sickness, the Company will, if in its judgment proper work is available, provide such work as the employee is capable of performing. If such an employee returns from disability leave to work in a lower rated job because of physical inability to handle his/her regular job prior to the time he/she has exhausted the schedule of full pay benefits under the Company Short-Term Disability Plan and the rate for the work, which is provided in accordance with the above, is less than the disability full pay rate which he/she was receiving immediately prior to returning to work, he/she shall be continued at that disability pay rate until such time as (1) the period of such full pay benefits under the Company Short-Term Disability Plan would have been

exhausted, or (2) he/she returns to his/her regular rate, or (3) he/she leaves the payroll for any cause, whichever first occurs.

- 3 When such employee is capable of returning to his/her former duties, he/she shall be placed in the classification in which he/she would then be working, except for such absence. Promotions, demotions, and layoffs of such employee shall be governed by the provisions of Article 22 (Promotions, Demotions, Layoffs, Re-Employment, General). Continuity of service for purposes of this Agreement shall not be affected by any temporary absence of the nature contemplated in this Article.

For the purpose of this Article, the following definitions shall apply:

- 1 Company Seniority is the total accumulated time an employee has in service with Marathon Petroleum Company and Tesoro, except for employees who were employed by Shell prior to August 1, 1998 shall have their prior service with Shell as part of their accumulated service.
- 2 Plant Seniority is the total accumulated time an employee has at the Anacortes Refinery (except that those employees transferred to the Anacortes Refinery prior to January 30, 1956, shall have Plant Seniority equal to their Company Seniority).
- 3 Departmental Seniority is the total accumulated time an employee has been permanently assigned to any classification above the red line in a particular department. An employee permanently assigned to a department on January 30, 1956, shall have a Departmental Seniority date equal to his/her Plant Seniority date.

- 4 Craft Unit Seniority is the total accumulated time an employee has been permanently assigned to a specific craft within the Maintenance Department as a Mechanic Trainee and/or a Mechanic No. 1. Any Mechanic No. 1 or Mechanic Trainee will accumulate Craft Unit Seniority within his/her specific craft and will simultaneously accumulate Departmental Seniority within the Maintenance Department.
- 5 All Mechanic Helpers will be considered as being in a common Maintenance pool.
- 6 A Department is identified as Operating Zone A, Operating Zone B, Operating Zone C, Maintenance, or Stores as shown on Schedule "A" attached hereto, and by this reference made a part hereof.
- 7 A permanent job is any job that, (1) is not a replacement for an employee who is absent from his/her permanent job or, (2) a job whose duration is or is estimated to be sixty (60) days or more.

B. PROMOTIONS AND FILLING VACANCIES

- 8 All permanent vacancies in the first wage bracket above the red line on Schedule A will be posted on the clock alley bulletin board and any eligible employee may file an application. In making promotions into the Mechanic Trainee No. 2 classification, in the event there are no bidders from employees having retained Craft Unit Seniority in the specific craft or from the Mechanic Helper classification, employees in operating departments will then be considered as eligible bidders. The Company, if it decides to fill the vacancy in this manner, shall select the applicant that in its judgment is best suited with regard to ability, efficiency and aptitude.
- 9 In making selections for the first job above the red line, the Company will select the applicant with the greatest Departmental Seniority who has the qualifications for the job. If there are no applicants who have retained Departmental Seniority, Plant Seniority shall be the factor. Upon request, the Unit Chairperson or his/her designee, shall witness the opening of the bid box and be advised of the Company's determination process in the awarding of bids prior to posting bid awards.

- 10 In making permanent promotions above the red line within a Department or Craft Unit, the Company will select the employee with the greatest Departmental or Craft Unit Seniority who has the qualifications for the job. If Departmental or Craft Unit Seniority is not the factor to be considered, Plant Seniority shall be the factor.
- 11 In making permanent promotions in each Operating Department or Craft Unit, advancement will be on a wage bracket by wage bracket basis.
- 12 The Company will schedule an employee who is a successful applicant for a posted job bid in a different Operating Department to the new assignment in a new Operating Department within two hundred seventy (270) days, and in order of bid receipt. An employee permanently assigned to an Operating Department, who later is awarded a posted job bid in Zone C, shall enter Zone C beginning one wage rate lower than the one at which he/she was classified for a duration of two (2) years, with the following exceptions: an Operator No. 1 Special, Working Operator No. 1 Special, or Operations Lead awarded a posted job bid in Zone C shall enter at the Operator No. 1 (After 2 Years) rate for a duration of two (2) years; all other employees awarded a posted job bid in Zone C shall enter Zone C beginning one wage rate lower than the one at which he/she was classified for a duration of two (2) years. An Operator No. 1 (Start) bidding to Zone C will not have his/her progression time affected. Whenever an employee permanently assigned to an Operating Department bids from one Operating Zone to another Operating Zone and then subsequently bids back to his/her original Operating Zone within one year from the original job bid, the employee's hourly rate will remain at the original reduced rate incurred with the original job bid for a time period of one year. After this time, the employee's rate of pay will be adjusted to his/her regular classification rate of pay.

13. In any given calendar year there will be only two (2) Operators per Operating Department who hold a permanent promotion above the red line allowed to bid to a new Operating Department. The movement of more than two (2) Operators, who hold a permanent promotion above the red line, out of an Operating Department in any given calendar year will be solely at the discretion of the Company.

C. DEMOTIONS

- 14 In making demotions due to curtailment or lack of work within each Department or Craft Unit, Departmental Seniority or Craft Unit Seniority, respectively, shall control. If Departmental Seniority is equal, Plant Seniority shall control. If Craft Unit Seniority is equal, Departmental Seniority shall control; if Departmental Seniority is equal, Plant Seniority shall control. However, any employee being demoted from the lowest classification in any Operating Department, Stockperson, or from the Mechanic Helper pool will, if he/she has more Plant Seniority, have the right to displace the Operator in the lowest classification in any Operating Department, Stockperson, or Mechanic Helper with the least Plant Seniority; if a curtailment or lack of work results in multiple reductions, those employees with the least Plant Seniority will be demoted and their positions will be filled taking into account retained Departmental Seniority.

D. LAYOFFS

- 15 In making layoffs due to curtailment or lack of work, the employee below the red line on Schedule "A" having the least Company Seniority will be laid off first.

E. RE-EMPLOYMENT

- 16 When the Company is adding to its work force, it will offer employment to the former Anacortes Refinery employee retaining the greatest Company Seniority who has been laid off due to curtailment or lack of work.

Notice to Former Employees

- 17 Notice of an opportunity for re-employment will be directed to an employee's last known address via certified mail, and if the employee does not accept the employment offered within seven (7) days of receipt of such notice, he/she shall lose all right to such re-employment. However, upon written request by the employee, he/she shall be considered for the next vacancy.

F. GENERAL

Job Qualifications

- 18 The Company shall be free to (1) establish the standard qualifications required for each job and (2) determine whether an employee has those qualifications. The Workers' Committee will be advised of changes made in the standard qualifications. In the event that the senior employee is not chosen for a permanent promotion he/she will be notified in writing of the reasons for being bypassed.
- 19 The Company shall not be required to employ any person on or for any work or continue any employee on a job for which he/she is not fully qualified. Any employee found unsuitable for the work to which he/she is assigned shall be demoted to a job for which he/she is qualified or shall be laid off if there is no available job for which he/she is qualified held by an employee with less seniority.

Commencement and Retention of Seniority

- 20 Seniority rights shall be from the date of hire except that an employee shall not have any seniority rights in case of termination until he/she has worked one hundred thirty (130) workdays. Scheduled workdays lost due to occupational disabilities shall be counted as days worked for purposes of this paragraph only.
- 21 An employee laid off through no fault of his/her own will retain prior seniority (1) if he/she is rehired within one hundred eighty (180) days after termination, or (2) if he/she had five (5) years or more Company Seniority at the time of termination and is rehired within one (1) year. In determining the employee's total seniority, the time

he/she is off the payroll shall not be included. Any employee not rehired within the time applicable to him/her shall lose all seniority rights. If subsequently rehired, his/her seniority shall be from date of rehire.

- 22 All employees selected from one job poster shall accrue Departmental Seniority from the day they are awarded the job by the Company.
- 23 An employee shall retain his/her accumulated Departmental or Craft Unit Seniority in a Department or Craft Unit if permanently transferred out of the Department or Craft Unit.
- 24 An employee shall be given credit for seniority purposes under this Agreement for all time spent in any supervisory position in the Department under this Agreement in which he/she was previously employed. If he/she is permanently assigned, he/she shall accrue seniority for a maximum period of two (2) years from the date of such assignment. In the event he/she is placed in a supervisory position in another Department he/she shall continue to accrue seniority up to one (1) year while in that Department. Departmental Seniority will accrue and be retained in the last Department or Craft in which he/she was previously employed under this Agreement. An employee transferred temporarily into any classification not covered by this Agreement shall accrue seniority in his/her Department under this Agreement for a period not to exceed nine (9) continuous months.
- 25 An employee off on a non-occupational injury or illness for eighteen (18) consecutive months or off on an occupational injury or illness for twenty-four (24) consecutive months will no longer have seniority rights. In the event that the individual is able to return to work they will regain seniority rights after working for forty-five (45) workdays.

New Departments

- 26 The Company may at any time establish new Departments or regroup any Departments now appearing on the chart marked Schedule "A". If such changes in

any way affect the status of the employees concerned for the purposes of this Article, such status shall become a matter of determination between the Refinery Management of Company and the Workers' Committee and shall become a part of this Agreement when approved by the Company and Union.
